Worksheet Instructions

Section I – Enter the amount of tuition, room and board from the schedule below. If you are unsure of the student's housing but sure the student will be on campus use the "traditional dorm" fee.

Section II – Enter any miscellaneous expenses that you want to include in your budget (music fees, riding fees, lab fees, ect.) Do not include records fee or health insurance in this line.

Section III – Tuition Insurance – Optional but waiver must be completed to opt out. Annual cost $320.

Section IV – Enter the amount of your financial aid award. Do not include your work study award, as this is paid directly to the student. If you have not yet received your award letter you can use last year's figures. You may subsequently adjust your SCIP budget when you receive your final award information.

Section V – Enter the amount you plan to take in Federal Direct or PLUS loans. The amount should be reduced by the origination fee which is 1.069% for Federal Direct and 4.276% for PLUS.

Section VI – Sections I-III minus Sections IV-V

Worksheet

Section I – Tuition, room and board +_____

Section II – Miscellaneous Expenses +_____

Section III – Tuition Insurance +_____

Section IV – Financial Aid Award -_____

Section V – Federal Direct & PLUS Loan-_____

Section VI – Amount Eligible for Plan =_____
